Dear colleagues at the Bidadidi plant of Toyota Kirloskar (TKM) in Karnataka,

We are in solidarity with your just struggle against the raised production targets. It is inhuman that under these worsened working conditions even toilet breaks are not possible for the workers. We denounce the suspension of a trade unionist after he had showed his protest on this. The suspension of 39 trade union activists after their broad protest included a sit-in (around-the-clock “dharna”) of over 3.500 employees is not acceptable. We demand TKM to end immediately the declared lockout and reinstate all of the workers.

Worldwide automotive workers are facing the same problems and it is our right and obligation to fight for human working conditions and against all oppression of trade union work.

In solidarity
